

Contact Lens Evaluation Fee Agreement

A contact lens is a medical device that rests on the front surface of your eye. It is important that they fit well and be worn properly to decrease risk to your eye health and vision. A contact lens prescription can only be determined by your eye doctor, and may require several visits. This will achieve a good fit, lasting comfort, and good vision. It is your responsibility to keep all follow up appointments and comply with lens care and wear instructions. Contact lens prescriptions are not valid until all follow-up care is finalized. A valid prescription is needed to purchase contact lenses.

Full payment is due at the time contact lenses are ordered and is non-refundable. We will replace defective lenses with an annual supply purchase.

The contact lens fitting fee ranges from \$129-\$249 for most contact lens wearers. This fee is in addition to your comprehensive eye exam fee. The cost will depend on the complexity of the case and this cannot be determined without examination. This will include the training on the insertion, removal, and care of your lenses. It will also cover all follow up visits related to the contacts within a three month period. Visits after 3 months will be charged as a refit fee.

The standard contact lens prescription will be good for 12 months. You will need to have a new comprehensive exam and contact evaluation to renew and purchase more contacts. (See below)

I understand that contact lens fitting and evaluation fees may not be covered by my insurance. All related fees are my responsibility and will be paid at the time of service.

Signature of patient or parent if patient is under 18 years old

Contact Lens Membership

With the purchase of an annual contact lens supply the patient will receive a one year contact lens membership. This membership provides complimentary shipping of your contact lenses to your home or work. As well as \$50 off your complete eyewear purchase to ensure you have adequate updated back up glasses. You will also be eligible for \$50 off non-prescription sunglasses to be worn for UV protection over your contact lenses from select frame styles. If you experience a prescription change we will also exchange unopened unmarked boxes of contact lenses as part of the prescription guarantee. The membership is valid for 12 months from your initial contact lens evaluation.
